

McKesson Text Enrollment Process

Ask every patient for their mobile number

ASK: Would you like to receive a text when your prescription is ready?

Go to the McKesson patient portal to access the mscripts patient registration page. Enter the patient's **First Name, Last Name** and **Date of Birth** and press **Enter** or click **Search Patient**.

Patient search

First name*	Last name*	Date of birth*
<input type="text" value="Patient"/>	<input type="text" value="testone"/>	<input type="text" value="12-31-1984"/>

Enter the patient's **Mobile Phone Number**. Then press enter or click on the **Register** button on the right.

Profile Details

First name	PATIENT
Last name	TESTONE
Date of birth	12-31-1984
Mobile number*	<input type="text" value="1 617 283 7757"/>

Patient not registered for text messaging

When you click the 'Register' button, your patient will receive a welcome message and text messaging will be activated right away.

You're done! Your patient will receive a **Welcome Message** and text messaging will be activated right away. They can stop messaging any time by replying **Stop**.

Profile Details
